*** It has been found impossible, owing to the recent dissolution of Parliament having taken place so late as November 28th last, to delay the publication of the Directory until after the election of the new House of Commons. The Publishers have thought it better, under the circumstances, to give the Members of the late House rather than withhold all information on the subject.

These pages will be reprinted as soon as possible after the election, and a copy thereof will be forwarded to any Subscriber applying for same.

LETTER POST.

The prepaid rate of postage on letters from the United Kingdom for all Foreign Countries (except Egypt, the United States and Hawaii) is 2½d. for the first ounce, and 1½d. for each succeeding ounce or fraction thereof; from the United Kingdom to British Agencies and Possessions generally and to Egypt, the United States and Hawaii the letter rate is 1d. per ounce.

To a few countries, which are specially mentioned, exceptional conditions apply, such as compulsory prepayment of postage, the collection of an additional charge on delivery, or the absence of arrangements for the complete or even partial registration of letters.

Letters posted unpaid or insufficiently prepaid for any country to which prepayment is compulsory are sent to the Returned Letter Office. Letters so posted for other countries are forwarded, but are charged on delivery with double the deficiency.

Unpaid and insufficiently prepaid letters from Egypt, the United States, Hawaii, and the British Agencies and Possessions to which penny postage applies are charged double the deficient postage; but the surcharge can in no case exceed 2d. per ½ ounce. Unpaid and insufficiently prepaid letters from all other places are charged double the deficient postage; but the surcharge can in no case exceed 5d. per ½ ounce.

No letter for a Colony or Foreign Country may exceed 2 feet in length or 1 foot in width or depth.

As all the routes available for ordinary letters are not available for insured letters, the latter may be longer in transit than the former.

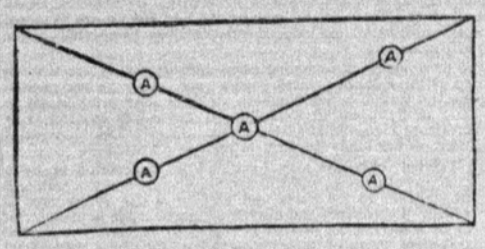
Insured letters have all the safeguards of the registration system; and, subject to the following regulations, compensation will be paid if they or any of their contents are lost in the Post.

Postcards or packets of "Printed Papers" or "Commercial Papers," or Sample Packets cannot be insured. The letters to which the insurance system is specially applicable are those which contain bank notes, bonds, coupons, securities, &c. Objects of value which cannot be sent in insured letters may, in most cases, be forwarded either in insured boxes or insured parcels.

Letters intended for insurance must be presented at the counter of a Post Office. They cannot be posted at Railway Stations and must not be dropped into a letter box or handed to a postman or mail cart driver.

Insured letters must not be addressed to initials or in pencil.

Every letter tendered for insurance must be enclosed in a strong cover, which must be securely fastened and sealed with fine wax, in such a way that it cannot be opened without either breaking the seals or leaving obvious traces of violation. Envelopes with black or coloured borders must not be used. Seals must be placed over each flap or seam of the cover of a packet; and if the packet is tied round with string or tape, a seal must be placed on the ends where they are tied. The seals on an ordinary envelope should be placed as shown below :—



All the seals on a letter must be of the same kind of wax, and must bear distinct impressions of the same private device. Coins must not be used for sealing; and the device must not consist merely of straight, crossed, or curved lines which could readily be imitated.

If a letter tendered for insurance does not, in the opinion of the officer of the Post Office to whom it is tendered, fulfil the foregoing conditions as to packing and sealing, it is his duty to refuse to insure it. Nevertheless the onus of properly enclosing and sealing the letter lies upon the sender; and the Post Office assumes no liability for loss arising from defects which may not be observed at the time of posting.

The amount for which a letter is insured (which must not exceed its actual value) must be written by the sender both in words and in figures at the top of the address side of the cover, thus :—"Insured for fifteen pounds (£15)." No alteration or erasure of the inscription is allowed. If a mistake is made, the entry must be completely obliterated and an entirely new one made by the sender.

The sums payable for insurance, which is limited to £50 in some cases, are as follows :—

Fee.	Limit of Compensation.	Fee.	Limit of Compensation.
s. *d.*	£	*s.* *d.*	£
— 4	12	1 2	72
— 6	24	1 4	84
— 8	36	1 6	96
— 10	48	1 8	108
1 0	60	1 10	120

and 2d. for every additional £12 up to a limit of £400.

The fee must be pre-paid, in addition to the full postage by means of postage stamps, which the sender must affix to the cover of the letter.

As few stamps as possible should be used to prepay the postage and insurance fee. They must not be folded over the edge of the cover, and when more stamps than one are used, they must be affixed with spaces between them.

A certificate of posting must always be obtained by the sender. He may also obtain an acknowledgment of the delivery of a letter under the same conditions as those applicable to registered letters.

Letters which, although addressed to a country or place to which the insurance system does not extend, have been irregularly insured, will be forwarded as registered letters; and if they or their contents are lost in the Post, the regulations as to the compensation payable in the case of registered letters will be applicable.

When an insured letter is redirected from one country to another, a fresh insurance fee becomes payable for each such transmission. If this fee is not prepaid, it is collected from the addressee on delivery. Insured letters can only be redirected to countries which have adopted the insurance system.

Compensation for the loss in the Post of a letter or its contents will not exceed the amount of the actual loss, and will not be paid at all for a letter containing any prohibited article, or for any letter which has been delivered without external trace of injury and has been accepted without remark; nor does it follow as a matter of course that compensation will be given when loss arises from tempest, shipwreck, earthquake, war, or other causes beyond control. No claim for compensation will be admitted if made more than a year after the letter was posted.

No legal liability to give compensation in respect of any letter for which an insurance fee has been paid attaches to the Postmaster General, either personally or in his official capacity. The final decision upon all questions of compensation rests with the Postal Administration of the country in which the loss has taken place.

The insurance system also applies to letters from the places mentioned, but letters to or from other places abroad cannot be insured.

Any insurance effected contrary to the foregoing regulations is invalid.

INSURANCE OF BOXES.

Articles of gold and silver, precious stones, jewellery and other articles of a like nature, which are prohibited from transmission in insured letters, may be sent in the letter mails to

Austria	France	Montenegro
Belgium	Germany	Norway
Bulgaria	Holland	Portugal
Denmark	Italy	Roumania
Egypt	Luxemburg	Switzerland

and certain Ottoman Post Offices in Turkey in Europe as insured boxes.

The following classes of articles are prohibited from transmission in "insured boxes";—

Current coin of any kind, letters or correspondence, bank notes or other bills payable to bearer, securities or articles included in the category of "commercial papers" (see further on) and any article of which the admission or circulation in the country of destination is prohibited.

An "insured box" must not exceed 2 lb. in weight, and must not measure more than 12 inches in length, 4 inches in breadth, and 4 inches in height. The boxes employed must be strongly made of metal or wood, and when wooden boxes are used the wood must be at least $\frac{1}{16}$ of an inch thick.

The boxes must be tied crosswise with a single strong string (not two or more pieces joined), the two ends of the string being held together under a seal of fine wax bearing a private mark. They must also be sealed on the four sides with seals identical with that used for the ends of the string. The surface of the top and bottom must be covered with white paper for the inscription of the addressee's name and address and the insured value of the contents, and for the impression of the official stamps.

Insured boxes are subject to the Customs regulations and laws in force in the country of destination, and must be accompanied by Customs declarations prepared by the senders. The declarations must be prepared with great care and must specify precisely the registration number, style of packing and description of the box, full particulars of the contents, the gross weight and total value as well as the net weight and value of each article.

The postage to be prepaid on an insured box varies, according to the country of destination, from 1s. to 3s. 0d.; and the maximum limit of insurance is £400 (10,000 francs).

The general regulations for insured letters apply also to insured boxes.

LETTERS, &c., FOR AND FROM OFFICERS, NON-COMMISSIONED OFFICERS, SOLDIERS AND SEAMEN IN HIS MAJESTY'S SERVICE.

Letters, &c., for the Officers and crews of His Majesty's ships are as a rule forwarded in accordance with lists of addresses furnished from time to time by the Admiralty, but any superscribed "*To be sent as addressed*" will be so forwarded.

The postage payable on letters addressed to H.M. ships abroad is 1d. per oz., and the same postage is payable in British stamps on letters sent in the bags made up on board H.M. ships when such letters are addressed to the United Kingdom or to any colony or protectorate to which the ordinary postage from the United Kingdom is 1d. per oz.

In other cases than those provided for in the preceding paragraph, non-commissioned officers, schoolmasters, schoolmistresses, private soldiers, seamen, writers in His Majesty's Navy, whether serving at sea or on land, at home or abroad, the Cape Mounted Rifles, and enrolled pensioners in Canada, can send and receive prepaid letters *not exceeding the weight of half an ounce* for a postage of 1d. on condition that the name of the seaman or soldier, with his class or description, appears in the direction; and that the ship or regiment, corps, or detachment to which the seaman or soldier belongs is specified, the name of the ship or regiment being stated in full. It is further necessary in the case of letters sent by a soldier or seaman under these conditions that the covers should bear the signature of the officer having the command.

Specimens of the forms of address are given below :—

From *A.B.*, Sergeant, &c. ——Regt. ——————
(*Here the direction of the letter to be inserted*)
C.D., Colonel (*or other commanding Officer*)
Regt.——————

To *A.B.*,
Private (*or* Sergeant, Corporal, &c.)——Regt.——————
(*Here the direction to be finished.*)

Except when special arrangements are made to meet exceptional circumstances, letters, &c., for Commissioned Officers or Warrant Officers in the Army are liable to the same rates of postage as those of the general public.

If any letter posted in the United Kingdom for a place abroad under the above-mentioned provisions be unpaid or insufficiently paid, or if the class or description of the soldier or seaman be not written in the address, it will be detained and returned to the writer for payment of the full postage.

REDIRECTION.

The principle of free redirection which is adopted in the United Kingdom and throughout the Postal Union for letters, post cards, commercial papers, printed papers, and sample packets, does not exempt from additional postage letters, &c., which, though fully prepaid for the first transmission, are redirected to a country to which the postage is higher than that originally prepaid. Thus a letter or packet prepaid at the inland rate, sent from one place to another in the United Kingdom, and afterwards redirected to a place abroad, should have additional stamps affixed to it representing the difference between the inland and the foreign rate of postage, otherwise the difference will be charged on delivery. The same treatment would be adopted with a letter or packet fully prepaid for the inland service of a foreign Country or Colony and redirected to the United Kingdom. Letters originally posted unpaid, and letters or packets posted insufficiently paid, and subsequently redirected, though not chargeable for redirection, are subject to the ordinary charge of double the deficient postage on delivery.

Letters, &c., redirected after delivery at the first address, must be reposted not later than the day (Sundays and public holidays not being counted) after delivery, otherwise they will be charged as freshly posted unpaid letters or packets, and the same course will be followed in the case of any letters, &c., which may appear to have been opened. Whenever thought necessary a receipt may be required from the addressee of a redirected letter or packet at the second address.

All registered letters or packets on being redirected must be taken back to the Post Office to be dealt with as registered, and must not be dropped into a letter box as ordinary letters or packets. If brought later than the day (Sundays and public holidays not being counted) after delivery, a fresh registration fee as well as fresh postage will be required.

Letters for Commissioned Officers, Non-commissioned Officers, Private Soldiers, or Seamen in the Army or Navy on actual service, are exempt from any charge for redirection, and are not subject to the usual restriction as to time for reposting.

Letters, &c., returned to the senders that they may rectify or complete the address are not, when reposted, treated as redirected, but as liable to fresh postage.

LETTERS, &c., BY PRIVATE SHIP.

Correspondence intended to be sent by Private Ship, must be addressed "By Private Ship;" and if by a particular Vessel, the name of the Ship must be added.

The postage and conditions of transmission of correspondence by a Private Ship are the same as by Mail Packet.

POST CARDS.

Official Post Cards, single and reply, are transmissible to all parts of the World. Single Cards are issued with impressed stamps of 1*d.*, and Reply Cards with impressed stamps of the value of 1d. on each half.

Inland Post Cards are also transmissible abroad if the additional postage required is supplied by means of postage stamps affixed to the cards on the address side.

Private Post Cards bearing on the address side adhesive stamps of the value of 1*d.*, and private reply cards with adhesive stamps on the address side of the value of 1*d.* on each half, may be sent as post cards to places abroad, provided that they are in conformity with the official post cards. They must be of the same size and substance as the official cards.

The reply halves of private double cards must bear the words "Post Card—Great Britain and Ireland" and "Reply."

Unpaid Post Cards from places abroad are charged 2*d.* each, and partially paid Cards are charged double the deficient postage within a limit of 2*d.*

The left-hand half of the address side as well as the back may be used by the sender for the purpose of a written communication.

Engravings or advertisements, provided they do not interfere in any way with the clear indication of the address or with the stamping or marking of the Postal Service, may appear on the front of a Post Card in addition to the stamps required for postage, postal directions (such as "Registered," "Acknowledgment of Delivery," &c.), the name and address of the recipient in writing or on a gummed label not exceeding in size 2 inches by ½ inch, and the name and address of the sender, indicated in writing, or by means of a hand stamp, stamping machine, or any typographical process. Engravings, illustrations, drawings and photographs on very thin paper may be affixed, provided that they are completely adherent, either on the back of the card or on the left-hand half of the address side. The stamps for the pre-payment of postage should be affixed to the address side of the card, but a card will not be taxed because the stamps have been affixed to the reverse side.

A Post Card must not be folded, cut, or otherwise altered.

Post Cards not in accordance with the regulations are treated as insufficiently paid letters, unless eligible for transmission as printed papers.

The sender of a Post Card with reply paid may indicate his name and address on the address side of the reply half.

The reply halves of double Post Cards, whether official or private, are available for transmission to the country of origin and to that country alone, provided they have been received attached to the corresponding halves. If addressed to other countries they are treated as unpaid Post Cards. Ordinary international Post Cards of one country posted in another are also treated as unpaid Post Cards.

PRINTED PAPERS AND COMMERCIAL PAPERS.

The rate of postage *to be prepaid* in the United Kingdom on Printed papers for all places abroad is ½*d.* per 2 oz.

The postage for Commercial papers is 2½*d.* for the first 10 oz. and ½*d.* per 2 oz. thereafter. If not fully prepaid double the deficiency will be charged on delivery. Unpaid packets will be stopped. Insufficiently paid printed papers from abroad are charged double the deficiency within a limit of 1*d.* per 2 oz. and insufficiently prepaid Commercial papers double the deficiency within a limit of 5*d.* up to 10 oz., and 1*d.* per oz. for heavier weights. If there be any mixture of Commercial and other papers in the same packet the whole is treated as Commercial papers.

The Articles which are entitled to be sent at the rate applicable to PRINTED PAPERS are mostly impressions or copies obtained upon paper, parchment, or cardboard, by means of printing, lithography, engraving, photography, or any other mechanical process easy to recognise.

This description includes the undermentioned articles wholly printed:—Newspapers, books (stitched or bound), periodical works, pamphlets, sheets of music, visiting cards, address cards, proofs of printing, plans, maps, catalogues, prospectuses, announcements, circulars, notices, engravings, photographs, and designs.

Besides these articles, there are some others which are admitted, though not really printed matter, as, for instance, manuscript intended for the press (when sent with the relative proof), papers impressed for the use of the blind, albums containing photographs, and cardboard drawing models stamped in relief.

Anything, not being of glass, usually attached or appurtenant to any of the before-mentioned articles, in the way of binding, mounting, or otherwise, and anything convenient for their safe transmission by post, may also pass at the rate applicable to such articles, provided it is contained in the same packet.

Postage stamps, whether obliterated or not, and in general all printed articles constituting the sign of a monetary value; blank paper, notepaper or envelopes (with or without printed address) and all other articles of stationery pure and simple are excluded from transmission at the reduced rate of postage to countries of the Postal Union.

The products of the copying press and typewriter are not admitted at the rate for printed papers; nor, as a rule, are printed papers, the text of which has been modified after printing, either by hand or by means of a mechanical process, or marked so as to constitute a conventional language. Nevertheless, manuscript additions of the kinds specified below are admitted:—

Printed circulars may be dated in manuscript or by a mechanical process, and the name and address of the recipient in addition to the name and address of the sender may be added. Corrections and insertions may be made in manuscript or by a mechanical process in regard to names of commercial travellers, dates of their journeys, and the places they intend to visit, the names and dates of arrival and departure of ships, names of persons invited to meetings, and the place, date, and object of the meetings, and the date of despatch may be inserted in advices of despatch of goods.

On printed visiting cards the address or title of the sender, or conventional initials, such as "p.p.c.," may be written, and also good wishes, congratulations, thanks, condolences, or other formulas of courtesy, expressed in not more than five words. The same rule applies to Christmas and New Year's cards, which may also be inscribed to the persons for whom they are intended.

Printers' proofs may be corrected in manuscript; additions which relate to accuracy, form, and printing may be made and in case of want of space additional sheets may be used; the author's manuscript may be enclosed; printers' errors in other printed documents may also be corrected, and figures may be inserted or corrected in prices current, tenders for advertisements, trade circulars, prospectuses, and stock and share lists.

Packets of books, papers, music, photographs, engravings, and Christmas and New Year cards may contain the invoices relating to the articles sent; and a book may have a presentation inscription written in it.

In forms of order or subscription for books printed on cards, the works required or offered may be indicated in manuscript.

To cuttings from newspapers and periodical publications may be added in manuscript or by a mechanical process the title, date, number and address of the publication from which the article is extracted.

Circulars which are in other respects admissible, but which are printed or lithographed in characters resembling those of the type-writer, or are produced by means of any mechanical process from type-written originals, will be admitted at the rate for printed papers, provided that they are handed in at the counter of some Head or Branch Post Office, that special attention is called to the fact that they are printed or reproduced in type-written characters, and that at least *twenty copies* are posted at the same time. Such Circulars are also accepted provisionally at Town Sub-Offices and at certain of the more important Rural Sub-Offices, subject to their being found to be in order when examined at the nearest Head Office to which they will be sent.

"Commercial Papers" comprise all papers or documents written or drawn wholly or partly by hand (except letters or communications in the nature of letters, or other papers or documents having the character of an actual and personal correspondence), documents of Legal procedure, Deeds drawn up by public functionaries, copies of or extracts from Deeds under private seal written on stamped or unstamped paper, Way Bills, Bills of Lading, Invoices, and other documents of a mercantile character, documents of Insurance and other public Companies, all kinds of manuscript Music, the manuscript of Books and other literary works, open letters of old date which have already filled their original purpose, pupils' exercises either in original or with corrections but without any comment on the work, and other papers of a similar description.

CANADIAN AND NEWFOUNDLAND MAGAZINE POST.—Subject to the conditions specified below the postage rate on British newspapers, magazines and trade journals intended for despatch to Canada and Newfoundland by direct packet is now 1*d.* per lb., but packets not exceeding 2 oz. in weight are transmissible as heretofore for ½*d.* In the case of packets weighing above 1 lb. any fraction of 1 lb. is counted as 1lb.

[Special attention is drawn to the fact that the reduced rate does not apply to magazines &c. sent by way of New York, but it applies to magazines &c. for Newfoundland sent by way of Canada.]

Conditions of transmission:—

(1) Packets intended for transmission to Canada and Newfoundland at the magazine rate must be posted in covers open at both ends and easily removable for the purpose of examination.

(2) Such packets must contain nothing but properly registered newspapers, magazines and trade journals. The issues of periodicals published prior to the date of registration are not eligible for transmission at the reduced rate.

Packets containing goods for sale, or consigned in execution of an order (however small the quantity), or articles sent by one private individual to another, which are not actually trade samples or scientific specimens, etc., cannot be forwarded by Sample Post.

The postage to be prepaid in the United Kingdom is 1*d.* for the first 4 oz., and ½*d.* per 2 oz. thereafter. Insufficiently paid packets are forwarded to places abroad, but are charged on delivery with double the deficiency. Unpaid packets are stopped. Packets containing liquids, glass, greasy substances, colouring powders, and live bees, can be sent by Sample Post from the United Kingdom to Countries in the Postal Union. Deleterious liquids or substances and explosives are absolutely prohibited.

Samples must be sent in such a manner as to be easy of examination, and, when practicable, must be sent in covers open at the end. But samples of seeds, drugs, and similar articles, which cannot be sent in covers of this kind, may be posted enclosed in boxes, or in bags of linen, or other material, fastened in such a manner that they may be readily opened. Packets containing liquids, glass, greasy substances, colouring powders and live bees, must conform to the conditions as to packing, &c. applicable to those articles when intended for Inland transmission; but they must also be made up so that they can be easily opened for purposes of inspection, with the exception of packets containing live bees, which must be enclosed in boxes so constructed as to allow the contents to be ascertained without opening, and the bottles used for enclosing liquids must be of glass. There must be no writing or printing upon or in any sample packet for non-Union countries except the address of the person for whom it is intended, the address of the sender, a trade mark or number, the price of the articles, the weight or size, and the quantity to be disposed of, or such as may be necessary to indicate the place of origin or the nature of the merchandise. In the United Kingdom incoming samples liable to Customs Duty are, as a general rule, not objected to when sent in quantities so small as to have practically no saleable value; but no guarantee can be given that outgoing samples will be delivered in the country of destination without payment of Customs Duty, or that they will be delivered at all. Samples of Spirits (except perfumed spirits) can be imported provided that the samples are plainly marked "spirits (not perfumed)." Each packet is liable to a charge of 8*d.* Customs duty. Samples of wine are admitted free of Customs charges. The gross weight of any sample packet containing wine or spirits must not exceed 12 oz.

Such articles as scissors, knives, razors, forks, steel pens, nails, keys, watch machinery, metal tubing, pieces of metal or ore, are eligible for transmission by Sample Post, provided that they are *bond-fide* samples without saleable value, and are packed and guarded in so secure a manner as to afford complete protection to the contents of the mail bags and to the Officers of the Post Office, while at the same time they may be easily examined.

Prepayment.

The postage must in all cases *be paid in advance*, and by means of postage stamps which must be affixed by the sender, and no parcel will be accepted for transmission which is not sufficiently prepaid.

Addressing, &c., and mode of Posting.

Each parcel must be plainly directed, and the name of the country or colony in which the place of destination is situated must be added. It should bear the words "Parcel Post" in the upper left-hand corner, and the name and address of the sender. A parcel must not be posted in a letter box, but must be taken into a Post Office, and presented at the counter. Rural postmen and mail-cart drivers are authorised to receive parcels, together with the necessary forms, on the understanding that they will not be considered as finally accepted until they have been examined at a post office and found in order.

Customs Declaration and Despatch-note.

Parcels are subject to Customs regulations, and the sender of each parcel is required to make, for Customs purposes—upon a special form or forms, which can be obtained at any Post Office—an accurate statement of the nature and value of the contents and other particulars. The net weight or quantity of the various articles contained in a parcel should, if possible, be stated and any other particulars which would facilitate the assessment of Customs duty; such as, in the case of clothing, the material of which it is composed and whether it is new or has been worn. In the case of articles returned to the country where they originated, the fact should be stated. Two forms of Customs declaration are in use (except at a few offices):—(1) An adhesive form, intended to be affixed to the cover of the parcel, which is used with parcels for British Colonies and Possessions and for a few foreign countries; and (2) a form which is used with parcels for all other Foreign Countries. A number of identical copies of the latter form have in many cases to be made out. The forms for foreign parcels should, when possible, be filled up in both English and French. When a non-adhesive form is used the sender must also fill up a Despatch-note, which is supplied at any Post Office in England and Wales, and at the more important offices in Scotland and Ireland.

Customs Duty and Charges on Delivery.

All parcels are liable to be opened for Customs examination, and their contents are subject to Customs duty according to the laws of the country or colony of destination. Such duty cannot be prepaid, but is collected from the addressee on delivery, except in the case of parcels sent under the arrangements explained in par. below. In most Foreign Countries and British Colonies the articles which are not subject to Customs duty on importation are comparatively few. The Post Office can give no information as to the Customs tariff or procedure of particular countries; nor does it accept any responsibility for loss, delay, or charges arising from the Customs or sanitary regulations to which the contents of parcels are subject.

Arrangements have been made whereby persons sending parcels to the under-mentioned countries and places can take upon themselves the payment of the Customs and other charges ordinarily payable by the addressees:—

FOREIGN COUNTRIES.

Algeria	French Indo-China	Martinique
Austria-Hungary	French Somali Coast	Mauritania
Belgium	French West Indies	Montenegro
Corsica	France	New Caledonia
Dahomey	Germany	Norway
Denmark	Holland	Senegal
Dutch East Indies	Iceland	Sweden
Egypt	Italy	Switzerland
Faroe Islands	Ivory Coast	United States (*Semi-official service only*)
French Guiana	Luxemburg	
French Guinea	Madagascar	

BRITISH POSSESSIONS.

Aden	Grenada	Orange Free State
Australia	India	Rhodesia (Southern)
Barbados	Jamaica	Seychelles
British Guiana	Lagos	Sierra Leone
British New Guinea	Leeward Islands	St. Lucia
Canada	Malta	St. Vincent (W. Indies)
Cape of Good Hope	Mauritius	Somaliland, British
Cyprus	Natal	Tobago
Falkland Islands	New Zealand	Transvaal
Gambia	Nigeria (Southern)	Trinidad

The sender must pay a fee of 6*d.*, sign an undertaking to pay on demand the amount due, and make a deposit on account of the charges at the rate of 1*s.* for each 10*s.* or fraction of 10*s.* of the value of the parcel. In the case of the United States and of Canada the deposit to be made is 1*s.* for each 4*s.* or fraction of 4*s.* of the value of the parcel with a minimum deposit of 5*s.* A final settlement will take place as soon as the amount of the charges due has been ascertained from the country of destination. Parcels intended to be sent under these arrangements must, as a rule, be handed in at a Head or Branch Post Office.

Forbidden Articles, Enclosures &c.

No article which is inadmissible by the Inland Parcel Post may be sent by the Foreign and Colonial Parcel Post, nor any enclosure which bears an address different from that placed on the cover of the parcel.

No *letter*, even if addressed in the same way as the parcel in which it is enclosed, may be sent in a parcel addressed to any Foreign Country or to many British Possessions, but Parcels for some British Possessions may contain a letter for the addressee. Invoices in open envelopes, giving simply particulars of the goods contained in the parcel, may be enclosed in any parcel.

Further, no parcel is admissible which contains base or counterfeit coin, articles infringing trade mark or copyright laws, any article or substance liable to become offensive or injurious through natural decay during the time ordinarily occupied in transmission (for example, butter, &c., addressed to a tropical or sub-tropical country, or having to pass through the tropics), unless enclosed in a hermetically-sealed tin, or any article or substance specially prohibited from importation into the Country or Colony to which the parcel is addressed.

Plants are not in ordinary conditions admitted into most of the Countries of Europe, owing to the fear that the phylloxera pest might be introduced with them. There are, however, special conditions in which parcels of plants (except vines) are admitted into some of these Countries, the chief conditions being that the plants must be packed securely but in such a way that they can be easily examined, and that they must be accompanied by a declaration of the sender, attested by some competent authority, that there has been no vine in or near the piece of ground from which the plants come. In the case of plants for Germany, the declaration must state that the sender undertakes to bear the cost of examination by an expert, and authorizes the addressee or someone else resident in Germany to pay the fee on his behalf. This declaration must be attached to the despatch note of the parcel to which it relates. The despatch note, the Customs declarations and the cover or label of the parcel should be endorsed "Phylloxera certificate annexed."

Parcels for South and Central Africa and uninsured parcels for Egypt and Zanzibar may not exceed £50 in value.

No parcel containing coin (unless clearly intended for purposes of ornament) or bullion exceeding £5 in value will be accepted for transmission from this country to places abroad.

Parcels containing coin, watches, jewellery, or any article of gold or silver cannot be sent by Parcel Post to any Foreign Country or British Possession included in the insurance system, unless they are insured for at least part of their value, and are packed and sealed in accordance with the special regulations.

The rules as regards articles which require to be packed with special care must be observed in the case of Foreign and Colonial parcels. More careful and substantial packing is necessary for such parcels than for inland parcels, owing to the much greater distance over which, as a rule, the former have to be conveyed, the very different conditions of transit, and the influences of climate. Light and bulky parcels containing fragile articles should be packed in strong wooden cases. No compensation will be paid for damage sustained by articles insufficiently packed. Parcels for Persia, Roumania, Russia and Turkey (Ottoman Post Offices) must be packed in some material stronger than paper or cardboard. In Canada all parcels, even those containing fragile articles, are conveyed in the ordinary mail bags. They should accordingly be very strongly packed, in order to prevent injury.

For parcels containing liquids and substances which easily liquefy, the following method should be adopted:—Two receptacles should be used, and between the inner one, which contains the liquid, and the outer one, which should be of wood or metal, space should be left all round, and this space should be filled with bran, sawdust, or other absorbent material.

Parcels for His Majesty's Ships.

Parcels for His Majesty's ships cannot, as a rule, be accepted for transmission unless the name of the particular place, to which in each case the parcel is to be forwarded, forms part of the address. Parcels addressed and prepaid as follows are, however, accepted:—

For the "China Station," if prepaid at the postage for Hong Kong.
For the "Australian Station" if prepaid at the postage for Australia.
For the "Mediterranean Station," if prepaid at the postage for Malta.
For the "Cape of Good Hope Station," if prepaid at the postage for Cape Colony.
For the "East Indian Station," if prepaid at the postage for Aden.

Parcels addressed to His Majesty's ships are liable to charges for re-direction, &c.

Delivery of Parcels.

In many Foreign Countries and Colonies parcels are not, like letters, delivered at the residences of the addressees. Notice of the arrival of a parcel is sent to the addressee, who must then claim the parcel at the Post Office, Railway Station, or Custom House where it is lying.

In Belgium, France, and Spain parcels are delivered by the Railway Companies, and not by the Post Office, and parcels intended to be called for should not be addressed to a *poste restante* in those countries, but to the nearest railway station (*en gare*).

Express Delivery.

Persons sending parcels to the undermentioned countries can have them delivered by special messenger on arrival at the place of destination, by prepaying a fee of 5*d.* in addition to the postage:—Algeria, Austria-Hungary, Azores, Belgium, British Guiana (Georgetown and New Amsterdam only), Denmark, Egypt, France (including Corsica), Germany, Holland, Japan, Luxemburg, Madeira, Montenegro, Natal, Portugal, St. Lucia, Sierra Leone (Freetown only), Sweden, Switzerland, and Transvaal.

In Montenegro, only those parcels can be specially delivered which are addressed to persons residing within the limits of the postal delivery, and the contents of which are not liable to Customs duty.

The word "Express" must be written boldly on the cover of such parcels above the address, and also in the left-hand top corner of the Despatch-note.

The special fee of 5*d.* must be prepaid by means of stamps affixed by the sender to the cover or label of the parcel.

This fee covers the express delivery of parcels addressed to houses in the neighbourhood of the Post Offices of destination, but when the place of address is beyond the limits of the ordinary parcel delivery, an additional charge is levied in the country of destination at its inland express rate, allowance being made for the 5*d.* prepaid by the sender. In some cases an advice only of the arrival of an express parcel is delivered by special messenger.

Parcels from places abroad, marked for express delivery, on which an express fee has been prepaid in addition to the postage, are delivered in this country under similar conditions.

In the undermentioned British Colonies parcels are accepted for express delivery in this country, although there are in those Colonies no arrangements for delivering by special messenger correspondence from the United Kingdom:—

Bahamas	Cyprus	St. Helena
Barbados	Gibraltar	St. Vincent
Bermuda	Grenada	Sarawak
British Honduras	Hong Kong	Seychelles
Cape of Good Hope	Malta;	Straits Settlements
Ceylon	Queensland	Trinidad

An express fee of 5*d.* should be prepaid by the sender; and there will be no charge for delivery to be paid by the addressee, unless he resides more than a mile from the delivering office.

Re-direction and Return of Parcels.

Parcels arriving in this country and re-directed from one address to another in the United Kingdom are liable to additional postage at the inland rate for each re-direction, except where the original and second address are both within the delivery of the same Post Office, and the re-direction is made within the period of free re-direction.

If returned or re-directed from one country to another the parcel is charged at full rate of postage.

Parcels re-directed to the United Kingdom from Spain are, in addition to the postage, charged with the Customs duty levied

in Spain, unless re-directed within four months from the date of posting, and the whole charge must be paid by the addressee or the person authorizing the re-direction. In Portugal the import duty is cancelled, but the export duty and stamp duty are leviable; and in Turkey a fee is charged for Customs clearance.

Undelivered Parcels.

A parcel which cannot be delivered is, unless of a perishable nature, kept for a reasonable time before being finally disposed of. The sender is advised, provided that his address is given on the parcel, or on the forms which accompany it, and his instructions for its disposal are sought.

Compensation for Loss or Damage.

The Postmaster-General will (not in consequence of any legal liability, but voluntarily and as an act of grace) give compensation for the loss or damage of uninsured parcels sent by Parcel Post between the United Kingdom and the undermentioned British Possessions and Foreign Countries when such loss or damage takes place while the parcels are in his custody, and does not arise from any fault or neglect of the senders or the nature of the contents.

The compensation paid will in no case exceed £1.

In the case of parcels lost or damaged while under the control of the Post Offices of the above-mentioned British Possessions and Foreign Countries, the Postmaster General will endeavour to obtain compensation for the senders under similar regulations. In the case of France and some other countries the amount of compensation is limited to 15 francs (11*s.* 11*d.*) for parcels not exceeding 7 lb. in weight.

No compensation is payable for the loss or damage of an uninsured parcel sent to or from any British Possession or Foreign Country other than those mentioned above.

The compensation payable will be in accordance with the rules contained in the general regulations of the Inland Parcel Post, as far as these are applicable.

Parcels for the United States.

The parcel post with the United States is carried on by means of two distinct services, namely, an official service with the United States Post Office, and a semi-official service maintained through the agency of the American Express Co.

The sender of a parcel forwarded by the semi-official service may without extra charge direct that it be sent through the New York Custom House in bond for Customs examination at any of the United States "Ports of Entry" or Inland Custom Houses. The addressees of such parcels must however make arrangements for the delivery of parcels so treated after they have been cleared at the Custom house of the Inland Port of Entry.

Parcels intended to be forwarded in bond must be plainly marked by the sender "In bond to————————," naming the Inland Port of Entry chosen; and the same words must also be written by the sender on the Customs declaration which accompanies the parcel. These superscriptions should be in the same handwriting.

General.

Where not repugnant to the foregoing rules, the general regulations of the Inland Parcel Post will apply.

Insurance of Foreign and Colonial Parcels.

Parcels for the undermentioned Foreign Countries and British Possessions can be insured.

Regulations.

The fee must be prepaid in addition to the full postage by means of postage stamps, which the sender must affix to the cover of the parcel. A certificate of posting must always be obtained by the sender.

No parcel can be insured for more than its actual value, or for more than the sum set in the foregoing lists. Over-insurance is a bar to compensation.

The sum for which a parcel is to be insured must be entered on the cover thus:—"Insured for ten pounds (£10)." It must also be inscribed in the place provided on the Despatch-note if one is used. No alteration or erasure of the entry is permitted.

Every insured parcel must be packed carefully and substantially, with due regard to the nature of the contents and the length of the journey, and must be sealed with wax or lead in such a way that it cannot be opened without either breaking the seal or leaving obvious traces of violation. For instance, seals must be placed over each join or loose flap of the covering of a parcel, and if string be used in packing, a seal must be placed on the ends of the string where they are tied.

All seals on a parcel must be of the same kind of wax or lead, and must bear distinct impressions of the same device (and the device must not consist merely of straight, curved or crossed lines). Coins must not be used for sealing; and it is strongly recommended that, when possible, an impression of the seal used on the parcel should be made on the counterfoil of the Despatch-note.

Parcels containing coin, watches, jewellery, or any article of gold or silver, must be enclosed in strong boxes or cases, which must be sewn up, or otherwise fastened, in wrappers of linen, canvas, strong paper, or other substantial material. In such cases the seals must be placed along the edges of each join or loose flap at distances not more than three inches apart. The address of such parcels must be written on their actual covering.

If a parcel tendered for insurance does not, in the opinion of the officer to whom it is tendered, fulfil the foregoing conditions as to packing and sealing, it is his duty to refuse to insure it; but the onus of properly packing and fastening the parcel lies upon the sender; and the Post Office assumes no liability for loss arising from defects which may not be observed at the time of posting.

Unless parcels containing coin, watches, jewellery, or any article of gold or silver, are insured for at least part of their value, they cannot be sent by Parcel Post. Any such parcel posted uninsured will generally be returned to the sender. A compulsory registration fee of 4*d.* will be collected on the delivery of every uninsured parcel received from the places above mentioned, and found to contain coin, watches, jewellery, or any article of gold or silver.

When an insured parcel is re-directed from one country to another, a fresh insurance fee becomes payable for each such transmission. If this fee is not prepaid it is collected from the addressee on delivery. Insured parcels can only be re-directed to countries which have adopted the insurance system.

Compensation for a parcel lost or damaged in the Post will not exceed the amount of the actual loss or damage, and will not be paid at all for a parcel containing any prohibited article, or for any parcel which has been delivered without external trace of injury and has been accepted without remark; nor does it follow that compensation will be given when loss or damage arises from tempest, shipwreck, earthquake, war, or other causes beyond control. No claim for compensation will be admitted if made more than a year after the parcel was posted. The sender has the first claim to any compensation which may be payable, but he may waive his claim in favour of the addressee.

No legal liability to give compensation in respect of any parcel for which an insurance fee has been paid attaches to the Postmaster-General, either personally or in his official capacity. The final decision upon all questions of compensation rests with the Postal Administration of the country in which the loss or damage has taken place.

The insurance system also applies to parcels from the places mentioned above, but parcels to or from other places abroad cannot be insured.

Any insurance effected contrary to the foregoing regulations is invalid.

POST TOWNS AND PRINCIPAL PLACES.

In order that the public may be kept aware of the great improvements continually being made in the various departments of the Post Office, it has been found advisable to publish the "Post Office Guide," price 6d. quarterly, which contains a list of all the Post Towns and principal places in England and Wales, Scotland, and Ireland. It is therefore unnecessary to increase the bulk of the present *annual* work by the insertion of information which can be obtained of *more recent* date in the publication referred to.

POSTING OF LATE LETTERS AND NEWSPAPERS AT LONDON RAILWAY STATIONS ON WEEK DAYS.

In order to afford the public the means of posting letters and newspapers for most of the principal mails despatched from London up to the latest possible time, such letters and newspapers are received at the railway stations from which the mails are respectively despatched, on payment with each (except when otherwise specified) of a late fee of ½d. The fee as well as the postage must be prepaid in stamps.

The subjoined table shows at what stations this arrangement prevails, the mails to which it is applicable, and the respective periods during which letters can be posted. A special late letter box is erected for the purpose at each of the stations mentioned. Any letter or newspaper found in these late letter boxes insufficiently stamped will not be forwarded by the outgoing mail.

The prepaid postage on every registered inland newspaper, whether posted singly or with others in a packet, is one halfpenny; but a packet containing two or more newspapers is not chargeable with a higher rate than would be chargeable on a book packet or letter of the same weight.

A newspaper or a packet of newspapers posted unpaid is chargeable on delivery with double postage; if insufficiently paid, with double the deficiency.

Any publication fulfilling the subjoined conditions can, upon payment of an annual fee of 5*s*., be registered at the General Post Office for circulation within the United Kingdom as a newspaper.

a. The publication must consist wholly or in great part of political or other news, or of articles relating thereto, or to other current topics, with or without advertisements.

b. It must be printed and published in the United Kingdom, and in numbers at intervals of not more than seven days.

c. The full title and date of publication must be printed at the top of the first page, and the whole or part of the title, and the date, at the top of every subsequent page. This regulation applies also to "Tables of Contents" and "Indexes."

d. A supplement must consist wholly or in great part of matter like that of a newspaper, or of advertisements, printed on a sheet or sheets or a piece or pieces of paper put together at some one part of the newspaper whether gummed or stitched up with the newspaper or not; or wholly or in part of engravings, prints, or lithographs illustrative of articles in the newspaper. It must in every case be published with the newspaper, and have its title printed at the top of every page, or at the top of every sheet or side on which such engravings, prints, or lithographs appear. The supplement or supplements issued with any number of a registered newspaper may not exceed the newspaper itself in bulk.

Every newspaper should be so folded and covered (if posted in a cover) as to permit the title to be readily inspected.

Every newspaper or packet of newspapers must be posted either without a cover or in a cover open at both ends, which can easily be removed for the purpose of examination.

No newspaper and no cover of a newspaper may bear anything (not being part of the newspaper) except the names and addresses and descriptions of the sender and the addressee, with index or reference numbers and letters, the words "with compliments," a request for return in case of non-delivery, the title of the newspaper and a reference to its registration for transmission by post, and a reference to any place in the newspaper to which the attention of the addressee is directed.

No article (not being part of the newspaper or a supplement thereto) may be posted in the same cover with the newspaper.

Any newspaper or packet of newspapers in the case of which any of the three last-mentioned rules is infringed (unless it is admissible as a halfpenny packet) is either charged as an insufficiently paid letter or is transferred to the Parcel Post and charged a fine of 1d. in addition to any deficient parcel postage whichever charge is the lower.

A packet of newspapers must not weigh above 5lb., or exceed two feet in length, or one foot in width or depth.

ADDRESSES AND PETITIONS TO KING AND PARLIAMENT.

Petitions and Addresses forwarded to the King are exempt from postage. Members of either House of Parliament may receive by post Petitions and Addresses to His Majesty, and Petitions addressed to either House of Parliament not exceeding 2lb. in weight, exempt from postage, provided such Petitions and Addresses be sent without covers, or in covers open at the ends.

PARLIAMENTARY PROCEEDINGS.

Printed Votes or Proceedings of the Imperial Parliament, in open covers having the words "Parliamentary Proceedings" written or printed thereon, are subject to no limits of size and weight and are liable only to a rate of one halfpenny for every 2oz., whether prepaid or not.

PARLIAMENTARY AND MUNICIPAL REGISTRATION NOTICES, JURY SUMMONSES.

Particulars as to the conditions under which these documents may be served by post may be obtained from the Secretary, General Post Office, or from the Postmaster at any Head Post Office.

BALLOT PAPERS.

No postage is payable on Ballot-papers, Poll-books, and other documents which have been used at a Parliamentary Election, and are presented at a Post Office by a Returning Officer for transmission by post to the Clerk of the Crown in Chancery. When so presented, an acknowledgment in writing of their receipt must be given by the Postmaster.

The above does not apply to Ballot-papers or other documents used at County Council, District Council, or Parish Council Elections, or at any other Elections; in these cases, if any documents are sent by post, the proper postage must be prepaid.

"BLIND LITERATURE" POST.

Papers of any kind, periodicals, and books, impressed in "Braille" or other special type for the use of the blind, may be sent, prepaid, by post, at the following rates of postage:—

For a packet not exceeding 2 oz. in weight ..... ½d.
" exceeding 2 oz. and not exceeding 2 lb. 1d.
" exceeding 2 lb. and not exceeding 5 lb. 1½d.
" exceeding 5 lb. and not exceeding 6 lb. 2½d.

Any such packet, if posted unpaid, is charged double postage; if posted insufficiently prepaid, double the deficiency.

To be entitled to transmission by this post a packet must

(1) consist only of articles specially impressed as described above for the use of the blind, and may not contain any communication either in writing or printed in ordinary type, except the title and table of contents of the book or periodical, and any key to, or instructions for, the use of the special type, or any enclosure except a label for the return of the packet;
(2) bear on the outside the inscription "Literature for the Blind," and the written or printed name and address of the sender;
(3) be posted either without a cover, or in a cover open at both ends which can easily be removed for the purpose of examination;
(4) not exceed 6 lb. in weight or 2 feet by 1 foot by 1 foot in dimensions.

If any of these conditions be infringed the packet (unless it is admissible as a halfpenny packet) will either be charged as an insufficiently paid letter, or transferred to the Parcel Post, and charged with a fee of 1d., in addition to any deficient parcel postage, whichever charge is the lower.

The use of printed labels with the necessary inscription is recommended.

N.B.—Newspapers impressed for the use of the blind and registered at the General Post Office are not subject to the above-mentioned regulations, but to those of the newspaper post.

GLASS, LIQUIDS, GREASE, COLORING POWDERS, &c.

Should be sent by Parcel Post. They may, however, be sent by Letter Post under the following conditions:—

1. Nothing inflammable, corrosive or explosive may be sent, nor anything having an odour so strong as to affect the contents of other packets in the Mails.

2. No article liable to Customs duty may be sent by letter post to or from the Channel Islands, or the Isle of Man.

3. The following regulations as to packing must be complied with:—

Glass and Crockery must be securely packed (in boxes of metal, wood, leather or cardboard) in such a way as to prevent all risk of injury to the Mails or the Officers of the Post Office.

Liquids must be enclosed in glass bottles, firmly sealed; the bottles must be enclosed in a box of wood, leather or metal, and packed securely in the box by means of corrugated paper or other suitable material, a sufficient quantity of sawdust or some spongy substance being added to absorb all the liquid contents in case of the bottle being broken. Special attention must be paid to the packing round the shoulders of the bottle; and the box must open at one end only, and have a tightly-fitting lid or a screw lid if made of metal, and if made of wood a screw lid with india-rubber washer round the neck.

Semi-Liquids and Greases must have an inner covering securely closed and an outer covering of metal, wood or leather, sufficiently strong to prevent any risk of the contents escaping during transit.

Powders must have an inner covering securely closed, and a strong outer covering of metal, wood, leather or cardboard.

4. Packets of all the classes named are admitted to the Letter Mails at the sender's risk, the Postmaster-General accepting no liability in the case of either loss or damage, even if the packets are registered.

5. Packets of all the classes named which are found to be insecurely packed will be stopped. The Public are warned that such insecurely packed packets come within the category of articles "likely to injure other postal packets in course of conveyance or an Officer of the Post Office," and are, therefore, prohibited from being sent by post. The senders of such packets are liable to penalties under the Post Office Act, 1908, whether the packets are sent by Letter or Parcel Post.

The Postmaster-General is empowered to detain packets sent by Letter Post containing glass, liquids, &c., or which from their size, weight, or character, are unsuitable for transfer by mail bag apparatus, and to forward them by mails for which the apparatus is not employed.

ARTICLES SENT FOR MEDICAL EXAMINATION OR ANALYSIS.

Deleterious liquids or substances, though otherwise prohibited from transmission by post, may be sent for medical examination or analysis, by ordinary Letter Post, under the following conditions:—

Any such liquid or substance must be enclosed in a receptacle hermetically sealed, which receptacle must itself be placed in a strong wooden, leather, or metal case in such a way that it cannot shift about, and with a sufficient quantity of some absorbent material (such as sawdust or cotton wool) so packed about the receptacle as absolutely to prevent any possible leakage from the packet in the event of damage to the receptacle.

The packet so made up must be marked "Fragile, with care," and bear the words "Pathological Specimen," and also the signature and address of the Medical Practitioner or Veterinary Surgeon who sends it. It must on no account be sent by Parcel Post. These regulations will be rigidly enforced. Any postal packet of the kind found in the Parcel Post, or any postal packet

of the kind, whether registered or not, found in the Letter Post not packed and marked as directed will be at once stopped and destroyed with all its wrappings and enclosures.

Any person who sends by post a liquid or substance for medical examination or analysis otherwise than as provided by these regulations is liable to prosecution.

No liquid or substance of the kind may, under any circumstances, be sent by post to or from any place outside the United Kingdom.

LIVE BEES.

Live bees are allowed to pass by Letter or Parcel Post within the United Kingdom, on condition that they are sent in suitable cases and so packed as to avoid all risk of injury to Officers of the Post Office or to other packets.

Directions as to Posting.

In order that a packet may be sent by Parcel Post it must be presented at the counter of a Post Office for transmission as a parcel. The address should be written on the parcel itself, and not merely on a label, which may become detached. It is also very desirable that the sender's address should appear either inside the parcel or on the cover; but in the latter case in such a position as not to be mistaken for the address of the parcel. Parcels may also be accepted by Rural Postmen.

The parcel should not be left until the weight, size and postage have been tested by the officer who accepts it.

The postage on a parcel must be prepaid, and a certificate of posting may be obtained.

Hours of Business.

Every Post Office is open to the public for Parcel Post business on week days during the same hours as for general postal business. Parcels are neither accepted for transmission nor delivered on Sundays. On Christmas Day and Good Friday, in England and Ireland, there is one delivery of parcels, but parcels are not accepted for transmission; in Scotland Parcel Post business is transacted as usual during the time the Office is open.

Re-direction of Parcels.

Parcels are, when re-directed, liable to additional postage at the prepaid rate for each re-direction, except where the original and the second address are both within the delivery of the same Post Office, and the re-direction is made within the period of free re-direction allowed for other classes of correspondence. A parcel will not, however, be delivered free of charge to a person who has previously refused to accept it, and for re-direction from a Returned Letter Office a second postage is invariably charged.

Undelivered Parcels.

If a parcel which cannot be delivered bears on the cover the name and address of the sender it is returned to him at once.

If a parcel which cannot be delivered does not bear on the cover the name and address of the sender, it is sent to the Returned Letter Office of the District, where it is opened and examined. If upon such examination the name and address of the sender are ascertained it is returned to him. No charge is made for the return of an undelivered parcel to the sender.

Undelivered parcels, which cannot be returned to the senders, and are not applied for, are liable to be disposed of three months after the date of arrival at the Returned Letter Office.

Perishable parcels will be dealt with as may be requisite.

Parcels posted irregularly.

If a packet, which either bears the words, "Parcel Post," or from its appearance seems to be intended for transmission as a parcel, is not posted in accordance with these regulations, it will, if fully prepaid at the rate applicable to any other post and admissible by that post, be forwarded as a letter, halfpenny packet or newspaper. If insufficiently prepaid at the rate applicable to any other post but otherwise admissible by that post it will be charged with double the deficiency, or with deficient postage at the Parcel Post rate together with a fine of a penny, whichever is the less.

General Regulations.

The prohibitions against the sending by post of anything indecent, or explosive, or of any living creature except bees, or of any enclosure bearing an address different from that borne on the cover in which it is enclosed, are the same in the case of parcels as in the case of letters and other postal packets. There is no prohibition against enclosing in a parcel a letter intended for the same address as the parcel itself.

China, crockery, eggs, fruit, fish, meat, butter, &c., which may not be sent by Letter Post, may be sent by Parcel Post, if packed with special care. Liquids or semi-liquids, such as jellies, pickles, paint, varnish, &c., must be put into bottles or cases securely stoppered. The edges or points of sharp instruments like axes, razors, needles, forks, &c., must be carefully protected. Any parcel containing eggs, or fragile or perishable contents, should be conspicuously marked "Eggs," or "Fragile—with care," or "Perishable."

The general regulation with regard to packing is that every parcel must be packed and enclosed in a reasonably strong case, wrapper or cover, fastened in a manner calculated to preserve the contents from loss or damage in the post, and to prevent any tampering therewith. The packing of a parcel must also be such as to protect other postal packets from being damaged in any way by it. Any parcel not so packed will, if tendered for transmission, be refused, and if discovered in transit, will be liable to be detained.

Parcels to and from the Channel Islands and Isle of Man.

Parcels addressed to or sent from the Channel Islands (Jersey, Guernsey, Alderney, Sark, and the adjacent inhabited islets) are received from the public under the same general conditions with regard to weight and size, and at the same rates of postage, as parcels for all other portions of the United Kingdom; but as the Channel Islands, under the Customs laws of the United Kingdom, are practically in the same position as a foreign country, such parcels are liable to Customs examination at the port of arrival, and the sender is required to make a declaration of contents, upon a form provided for the purpose, at the office where the parcel is posted. Parcels for the Isle of Man are treated in the same way as parcels for places in the United Kingdom generally. They are liable to Customs examination; but the sender is not (as in the case of the Channel Islands) called upon to furnish a declaration of contents. Practically, no articles liable to Customs duty can be sent by Parcel Post from the Isle of Man to Great Britain or Ireland, but there is no Customs restriction on parcels sent from Great Britain or Ireland to the Isle of Man. Parcels which are sent in contravention of the Customs regulations are liable to confiscation, and the senders to prosecution by the Board of Customs.
